

SHORT TERM TEAM INFORMATION 2017

24-7 Ibiza is a Christian community based in Ibiza. It is part of 24-7 Prayer International, an interdenominational prayer movement established in 1999 in Chichester, England. Based on shared community values of prayer, mission and justice, 24-7 Ibiza seek to make Jesus known in Ibiza.

Each year the community welcomes people from all over the world to learn about and engage in prayer and mission by being part of our short term teams in Ibiza, sharing God's kindness with the famous West End strip in San Antonio – one of the densest populations of bars and clubs in Europe.

We have prayed with thousands, given practical assistance to thousands more and have shared the love of Jesus with countless others in the party capital of the world.

The focus of our short term mission teams is the night time work in the West End. This involves:

- offering to pray with people
- cleaning up someone who's vomiting
- helping vulnerable people – drunk, drugged, injured or alone - to a safe place
- listening to someone's story or frustrations of the day
- celebrating good news and happy times with people
- taking someone who's been injured to the medical centre
- sharing our faith and stories of God with those who are keen to hear
- seeking to bring calm to agitated people and stressful situations
- asking God to lead us to specific people he wants us to talk to and to give us the words he wants them to hear

We practice a rhythm of breathing in and out – time spent with God breathing Him in, and time spent with others, breathing out the life of God. Our night time work reflects this as we alternate time spent in prayer in our centre and time out on the streets.

You will also get involved in daytime outreaches on local beaches, sharing God's kindness with those you meet.

We will give you time to rest so that you are fresh for the night time, but we will spend some afternoons just being in the places where people are during the day – talking, praying, hearing from God – as well as going to different places to walk and pray.

And of course, no trip to Ibiza would be complete without experiencing some of the clubs! We will go to one of the big Ibiza clubs to pray, worship and dance with some of the people we meet out on the street. There will also be the chance to go to at least one of the other world renowned places in Ibiza.

We see God move every single night here in Ibiza. He is passionate about this place and for people to come to know him.

So if you are wanting to be involved with our community for 12 days of #prayer, #mission, #creativity and #learning, then please fill in the application form and return it to us.
